PHOENIX 1000 PROTECTIVE CREAM FRAGRANCE FREE

Phoenix 1000 Protective Cream is a silicone free formulation which has been developed to protect workers from a variety of irritants including water based chemicals, oils, grease, paint, inks, and resins. By absorbing quickly and completely into the skin there is no effect on a workers grip or feel. In addition to basic skin protection, Phoenix 1000 prevents soils and grime from adhering to the skin making clean up quick and complete.
